# talk about resolve!

## **I Can Fix That** Guiding Principles to Resolve Anything

Organizations are constantly up against competitive pressures, budget constraints, loss of morale, traditional growing pains or amalgamations. Imagine what could happen if everyone could get into the mind set of resolve!!!

With this message Elaine takes audience members on a path to realize;

- They can make a difference and contribute
- They can ignite innovation
- They can resolve issues
- Everyone is making a choice

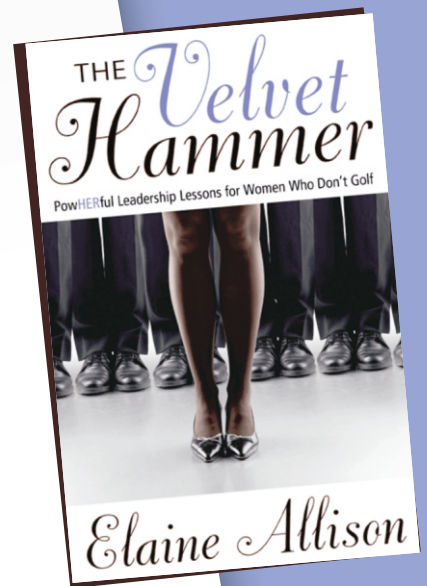

They will learn;

- There is no problem so great that it can't be solved!
- How to find 3rd ways (not always their way)
- How not to come to the fight, but bring other's toward them
- How to observe their perspectives, so they can see opportunity

Participants are pushed to think, create and solve. They leave with a smile of relief, brains bursting with ideas and hearts filled with hope.

Companies, associations, governments and individuals will remark on the immediate changes they feel, act upon and observe as they come upon challenges, stumbling blocks or obstacles.

**I CAN FIX THAT will make audiences realize the possibilities!!!**

- \* Peter Legge, Story Teller of the Year Award 2004
- \* Formal education in Curriculum Design & Adult Education

## People are Talking

Elaine spoke to over 5,000 of our 20 different airport client organizations in resolving customer care issues during our multi-year plan and in preparation for the 2010 Olympic & Paralympic Winter Games in Vancouver, BC. The complexity of the task and the sheer numbers of varying audience needs was monumental. The results were significant with high ratings from all organizations. In addition, the programs contributed to YVRAA (Vancouver International Airport Authority) winning the prestigious #1 Airport - North America (Skytrax) 2010.  
**...YVRAA (Vancouver International Airport)**

Elaine is one of the most fascinating people I've met. I've learned so much in one morning and it's all things I can apply in my life immediately.
